## Can different sessions of a course take place in different locations?

- 2021-02-02 - Publishing a listing

At the moment, you can select only one location for the different sessions of your course. If your course takes place in two different locations, we suggest that you create two separate course listings. Please see below for an example:

- Course ABC in Italy
  - Session dates 1
  - Session dates 2
  - Session dates 3
- Course ABC in Poland
  - Session dates 1
  - Session dates 2
  - Session dates 3
