The course I'm interested in has three sessions next month, but I can only see one of the sessions in the search results. Why is that?

Koen - 2020-02-07 - Erasmus+ Tools

The search results display courses only once per month. If a course has more than one session in a given month, then the next upcoming session is listed, and the remaining sessions are simply mentioned. To see all upcoming sessions, you need to enter the course page itself.
