I accidentally sent a wrong link/file in Step 1. What should I do?

If you accidentally handed in your work on the course interface without pasting your content, or if you uploaded the wrong content, please follow this process:

1. Send us your work as soon as possible: [send us a message via our contact form with your work attached](#). If you fail to do so, we cannot verify you completed the course before the deadline. You then risk not getting the course certificate.
2. Go to the course forum and leave a message in the category *Learning Activities: Peer Reviews (Lost and Found)*. Explain your situation, along with your link or your contact details so your reviewer can find you.
3. Do the same on the course Facebook group and/or on Twitter using the course's hashtag, if you have accounts on those platforms. That way, you maximise the chance that your reviewer will see your message.
